WHY CHOOSE ALKOTA

There is no reason that machines need to be complicated to do their job.

Our team of engineers and product developers have been designing, building and improving high pressure cleaning systems since 1964. When you buy an **Alkota** pressure washer, you're buying quality and longevity. It is an investment in the future of your business.

At **Alkota** we believe that simplicity means quality.

Being American owned our machines are built with high quality materials the old-fashioned way, by hand. We design and assemble them right here in the heart of the **USA**, so that you know you're getting an American-built machine.

4405XD SERIES SPECIFICATION CHART

MODEL	4405XD4
Capacity	4 GPM
Pressure	4000 PSI
Burner	12 Volt
Temperature	Up to 210 F
Engine	GX390 Honda
Dimensions	30" W x 46" L x 46" H
Shipping Weight	570 Lbs.

Standard Features

- EZ4040 General Pump
- GX390 Electric Start Honda Engine
- 8 Gallon Corrosion Resistant Fuel Tank
- High Limit Temperature Control
- Racor Fuel Filter
- Soft Dampening System for Extended Coil Life & High Pressure Components
- Stainless Steel Power Platform, Wrapper and Base 50 Ft. High Pressure Hose, Shut Off Gun and 42" Insulated Wand
- Non-Flat Wheels
- Safety Wheel Brake
- Downstream Soap
- Schedule 80 Hydro Insulated Coil.
- Adjustable Front Axle for Proper Weight Distribution
- Winterizing Valve for Protection During Cold Weather
- Built In Wand Holder.

Options

- Adjustable Temperature Control

FOR BETTER CLEANING

Clean Better with **Alkota Biodegradable** detergents specially formulated for high pressure cleaning.

All Pressure washer detergents are blended with Scal Trol to reduce scale buildup in the heating coil, pump and fittings. This improves equipment performance and minimizes replacement and repair cost.
