

OIL FIRED HEATERS

SPACE HEATER SERIES

INSTANTANEOUS INDUSTRIAL HEAT

Heat when and where you want it. The **210** Oil-Fired Portable Space heater is an efficient and reliable way of heating a space, particularly in regions where supplies of other fuels, such as natural or LP gas may be unavailable, undependable, or interruptible. The **210** provides consistent and reliable heat for a comfortable work environment. Perfect for heating everything from garages and workshops to warehouses and construction sites with proper ventilation.

Time-tested and field-proven components are engineered into the design which produce comfort heating at the lowest cost through highly efficient operation. The **210** features 210,000 Btu's of heat, 1/3 HP Belt driven squirrel cage fan, 13" pneumatic wheels with 4" Front Caster for ease of portability along with a rugged steel body with 16 gage stainless steel burner chamber providing years of service.

We have also included a large 16.5-gallon fuel tank for continuous run time of up to 11 Hours keeping you warm and cozy.

All units are factory-assembled, wired, and fire tested before shipment, making them ready to be installed once they get to the job site. Factory tested for multiple fuels: Kerosene, JP8/Jet A fuel or No. 1 or No. 2 fuel oil.

PERFECT TO HEATING

- Agricultural
- Heat to Emergency Camps
- Construction Sites
- Outdoor Sporting Events
- Military Camps
- Large Garages
- Warehouses
- Greenhouses
- Barns

IMPORTANT NOTES:

- Not for use in residential living areas or inadequately ventilated areas.
- Proper ventilation required during operation.
- Must be plugged into an approved standard electrical outlet for operation.

SPACE HEATER SERIES SPECIFICATION CHART

MODEL	210
BTU Rating	210,000
Fuel Hours	11 hour
Fuel Consumption	1.5 GPH
Fan/CFM	1930
Electricity	115 V 1 PH
HP	1/3 HP
Part Number	210-200D0
Weight	250
Dimensions	47" x 42" x 21"

Standard Features

- 115 Volt
- Adjustable Thermostat
- 4" Front Caster
- 13" Pneumatic Wheels
- 1/3 HP Electric Motor
- 16.5 Gallon Fuel Tank
- 100 Micron Fuel Filter
- Wayne Burner with Solenoid

Optional Features

- Non Flat Wheels
