WHY CHOOSE ALKOTA

There is no reason that machines need to be complicated to do their job.

Our team of engineers and product developers have been designing, building and improving high pressure cleaning systems since 1964. When you buy an **Alkota** water heater, you're buying quality and longevity. It is an investment in the future of your business.

At **Alkota** we believe that simplicity means quality.

Being American owned our machines are built with high quality materials the old-fashioned way, by hand. We design and assemble them right here in the heart of the **USA**, so that you know you're getting an American-built machine.

FOR BETTER CLEANING

Clean Better with **Alkota Biodegradable** detergents
specially formulated for high
pressure cleaning.

All Pressure washer detergents are blended with Scal Trol to reduce scale

buildup in the heating coil, pump and fittings. This improves equipment performance and minimizes replacement and repair cost.
