

BLUE LUSTER TR-406 DETERGENT

Blue Luster TR-406 is a super heavy duty industrial transportation cleaner designed for use in truck wash applications. **Blue Luster TR-406** is specifically formulated with a balanced blend of sodium hydroxide, natural citrus degreasers, alcohols and butyl to work on the toughest degreasing and cleaning applications while leaving that streak free shine. Used in cleaning stainless tankers, trucks, garbage trucks, mining equipment, logging and oil field equipment, fork trucks, construction equipment and floors. Removes smoke, carbon, greases, oils, carbonaceous soils and built up road film and is excellent in cleaning engines, fifth-wheel, mining equipment, off-the-road equipment and construction equipment, any heavy duty applications. Proven to clean organics out of scaled up coils. **Blue Luster TR-406** is perfect for those wide ranging applications of ag trailers that come through your truck wash, from tankers to box or livestock trailers.

PRODUCT HIGHLIGHTS

- Non-corrosive, Non-Caustic
- Fully Biodegradable
- Good for removing greases, pollution, dirt, grime on cars, trucks, buses, polished aluminum and other industrial surfaces.
- Great for use as a 2nd step in a two-step transportation cleaning program
- Economical per gallon cost
- Designed specifically for pressure washers
- Designed to work well in cold or hot water.
- Blended with the specific selection of surfactant to quickly attack and break down the dirt stains on aluminum and polished aluminum
- Newest corrosion inhibitors to protect and prevent flash rusting

PHYSICAL DESCRIPTION

- Active Ingredients = 19%
- pH 5% Solution = 11.0
- Specific Gravity = 1.06
- VOC = 10 grams per liter
- Appearance = Blue
- Ozone & Smog = Does not carry ingredients that attack the earth's ozone, or contribute to smog.
- Softening = Exclusive anti-scale system to prevent scale coil clogging.
- Hard Water = Softens and is soluble
- Freeze / thaw stable
- Shelf Life = Two years in a sealed container
- USDA Letter of Guarantee = Available

DIRECTIONS

Adjust the metering valve according to your cleaning application. It is best to clean from the bottom up and rinse from the top down. Rinse surfaces with clear, cool, soft, potable water.
