

COLD WATER PRESSURE WASHER

JETTER SERIES

PORTABLE ELECTRIC & GASOLINE DRAIN CLEANER

Handcrafted in South Dakota.
Hard Work around the World.

Blasts through sludge, soap and grease blockages, power scrubs line as hose is pulled back.

WHY CHOOSE ALKOTA

There is no reason that machines need to be complicated to do their job.

Our team of engineers and product developers have been designing, building and improving high pressure cleaning systems since 1964. When you buy an **Alkota** water heater, you're buying quality and longevity. It is an investment in the future of your business.

At **Alkota** we believe that simplicity means quality.

Being American owned our machines are built with high quality materials the old-fashioned way, by hand. We design and assemble them right here in the heart of the **USA**, so that you know you're getting an American-built machine.

Easy to Use! Thrust propels hose down the line and guide the hose into the drain.
