

TRAILERS

1230JH SEWER JETTER TRAILER

GASOLINE ENGINE DRIVEN
12 GPM UP TO 3000 PSI

PERFECT FOR CLEANING

- Plumbers
- Municipalities
- Rooter Companies
- Contractors

WHY CHOOSE ALKOTA

There is no reason that machines need to be complicated to do their job.

Our team of engineers and product developers have been designing, building and improving high pressure cleaning systems since 1964. When you buy an **Alkota** pressure washer, you're buying quality and longevity. It is an investment in the future of your business. At **Alkota** we believe that simplicity means quality.

Our machines are built with high quality materials the old-fashioned way, by hand. We design and assemble them right here in the heart of the **USA**, so that you know you're getting an American-built machine.

1230JH SEWER JETTER SPECIFICATION CHART

MODEL	1230JH
Engine	35 HP Vanguard Gasoline Engine with 12 Volt Electric Key Start, Mounted On 3/8" Plate Steel with 11 Gallon Fuel Tank and Hour Meter. 12 Volt Battery Required
Water Pump	Belt Drive Triplex GP TSF2221 Plunger Pump, 1450 RPM with Pulse Valve
Volume	12 GPM
Pressure	3,000 PSI Adjustable Up to 3000 P.S.I. by Control of Rear Throttle
Regulator	Adjustable Pressure Regulator/Unloader Valve with Bypass Back to Water Tank. Eliminating Over heating of Water to Pump
Filter	Water Filter System from Water Tank to Water Pump, 80 Mesh
Frame	Structural Steel Tubing Power Platform Mounted with Vibration Isolators

TRAILER SPECIFICATIONS

- 1/4" ID Hose with Hand Carry Reel

FOR BETTER CLEANING

Clean Better with **Alkota Biodegradable** detergents specially formulated for high pressure cleaning.

All Pressure washer detergents are blended with Scal Trol to reduce scale buildup in the heating coil, pump and fittings. This improves equipment performance and minimizes replacement and repair cost.
