## NOTATIONS

- Gallonage and pressure may vary +/- 5% due to manufacturing tolerances in components.
- Gallonage and pressure may be less on 230V and 440V 3 PH current.
- All coils ASTM A-53 steel pipe, spiral wound, cold water wrap, removable.
- All combination kits must have a temperature control. If a unit does not feature a temperature control as standard, a control kit must be ordered.
- Special voltage, gallonage, pressure, and versions quoted on request.

## SHIPPING POLICY

All orders will be treated independently for shipping. Because of order volume, we are not able to match multiple orders. If items must ship together, they must be on the same order. Once an order is placed, subsequent items cannot be added to the same order. For Alaska, Hawaii and international shipments, matching of multiple orders for weight requirements and minimizing customs charges will take place as requested. All drop ship, UPS Red, 2nd Day and International shipments are assumed to be "ship complete". If a Back order occurs on these express shipments, Alkota will make every effort to contact the distributor for instructions. If contact cannot be made, Alkota will ship the partial order and notify the distributor by email or voice message. Any back order that is incurred will ship UPS ground unless otherwise instructed. All costs incurred by Alkota for special services such as Specialized packaging, Expedited Service, Residential Delivery, Lift Gate Service, Redirects, Call in Advance for Appointment, etc. will be charged directly to the customer as incurred including handling fee. Alkota's goal is to ship product quickly and efficiently. For faster service, use [orders@alkota.com](mailto:orders@alkota.com) or Fax @ 800-325-5682 to place all orders. Next Day orders received before 2:00 PM will be shipped the same day.

Place your order at [orders@alkota.com](mailto:orders@alkota.com)

# ALKOTA ELITE Series

The **ELITE** line of Industrial-grade hot water pressure washers offers the best in **Alkota** equipment. All machines come standard with our most popular options, made in the **USA**, with best in class pricing. There is something for everyone, portable units, skid mounts, and, stationary pressure washers. No one matches **ALKOTA'S ELITE** Series quality, value, and, reputation. Don't settle, get the equipment that works as hard as you do, and get **Alkota** clean.

Part Number  
216X-00Q000

**MODEL 216X4**  
HOT WATER | Flat Free Wheels,  
Temp and Solenoid

List Price

**\$6,945.00**

- 2 GPM at 1,600 PSI
- 2.3 HP 115V Electric Motor
- Belt Driven ETB1511
- Oil Fired with Fuel Solenoid\*
- Temperature Control\*
- 50' Hose, Wand, Gun & Nozzles

Part Number  
420X-00Q100

**MODEL 420X4**  
HOT WATER | Flat Free Wheels,  
Temp and Solenoid

List Price

**\$7,745.00**

- 3.5 GPM at 2,000 PSI
- 5 HP 230V Electric Motor
- Belt Driven EP1813
- Oil Fired with Fuel Solenoid\*
- Temperature Control\*
- 50' Hose, Wand, Gun & Nozzles

Part Number  
430XM-00Q010

**MODEL 430XM**  
HOT WATER | Flat Free Wheels,  
Temp and Solenoid

List Price

**\$9,534.00**

- 3.8 GPM at 3,000 PSI
- 8 HP 230V Electric Motor
- Belt Driven TSS1511
- Oil Fired with Fuel Solenoid\*
- Temperature Control\*
- 50' Hose, Wand, Gun & Nozzles

## MODEL 4405XD4<sup>†</sup>

HOT WATER | Panel Mount Temp Controller

- 4 GPM at 4,000 PSI
- Honda GX390 Electric Start
- Direct Drive EZ4040G
- Oil Fired with Fuel Solenoid\*
- Panel Mount Temperature Control\* & Hour Meter
- 50' Hose, Wand, Gun & Nozzles

## DED DIESEL ENGINE DRIVE SERIES

Self-contained Hot Water Pressure Washers

Hot Water

Oil Diesel/Kerosene

Diesel Powered Engine

Portable with Wheel Kit or Skid Mount

Diesel engine drive • Electric start • Diesel Fired • Skid mount • 115 volt burner • 15, 25 & 40 Degree nozzles • Non-corrosive float tank with 3-way valve • Black color frame • Schedule 80 coil • Stainless wrapper & panel • Group 24 Battery required on Electric Start • ECM Module Included Except 5757KZ & 5357C with Key Switch Glow Plug

### Key Feature Kohler KDW1003

The engine control module (ECM) is an electronic control unit that manages the engine's performance. It monitors various sensors and adjusts fuel injection, ignition timing, and other critical engine functions to optimize fuel efficiency and reduce emissions.

## DED BIG BOY DIESEL ENGINE DRIVE SERIES

Self-contained Hot Water Pressure Washers

Hot Water

Oil Diesel/Kerosene

Diesel Powered Engine

Portable with Wheel Kit or Skid Mount

Model 10307KD

Diesel engine drive • Electric start • Diesel Fired • Skid mount • 115 or 12 volt burner • Non-corrosive float tank with 3-way valve • 15, 25 & 40 Degree nozzles • Black color frame • Schedule 80 coil • Stainless wrapper & panel • Group 24 Battery required on Electric Start • DSE Module Included.

### Key Feature Kubota

DSE Module Auto Start/Stop Controller Monitors engine speed, oil pressure, coolant temperature, voltage and current. The modules will give comprehensive engine and alternator protection. This will be indicated on the largest back-lit LCD icon display in its class via an array of warning, electrical trip and shutdown alarms.

## WASH CANNON SERIES

Industrial Cold Water High Pressure Washer

Cold Water

Electric Motor Option

Electric Motor w/ Belt Drive

Stationary

Wash Cannon Series is a high volume, low pressure system designed to effectively and economically complete large cleaning jobs quickly. This site specific package eliminates the need to provide a filtration or a water treatment system. The Alkota wash cannon utilizes a diaphragm pump that can handle solids up to 3/32 in size. 100' hose standard.

MODEL	PERFORMANCE	ELECTRICITY	HP	WT.	PART NUMBER	LIST

## MULTI-GUN, VARIABLE SPEED SYSTEM

Industrial Cold Water High Pressure Washer

Cold Water

Stationary

Multi-gun Systems efficiently handle multiple stations in one compact unit. Variable speed drive allows motor and pump to change speeds to deliver up to 40 GPM Maximum and up to 3,000 PSI Maximum. With multiply gun capacities of 4 GPM minimum per each operator. Call for other models with optional flows and pressures. **Note: Requires Factory Training**

Diesel Powered Engine

Stationary

Portable

Diesel engine drive • Electric Start • Belt drive tri-plex pump • 50 ft Hose • Trigger gun and Wand • Flat Free wheels • 15, 25 & 40 Degree nozzles • Group 24 Battery Required on All Models

The Kohler engine control module (ECM) is an electronic control unit that manages the engine's performance. It monitors various sensors and adjusts fuel injection, ignition timing, and other critical engine functions to optimize fuel efficiency and reduce emissions.

Kubota DSE Module Auto Start/Stop Controller Monitors engine speed, oil pressure, coolant temperature, voltage and current. The modules will give comprehensive engine and alternator protection. This will be indicated on the largest back-lit LCD icon display in its class via an array of warning, electrical trip and shutdown alarms.

## MOBILE WASH VACUUM FILTRATION SYSTEM

Portable or Stationary Filtration System

Tandem Axle

Hot Water

Water Treatment

### Excellent for Aquatic Invasive Species Decontamination

MWVFS The Mobile Wash Vacuum Filtration System trailer is a complete modular system for pressure washing and waste water recovery for proper treatment, reuse or discharge to a designated point of choice. Use with VFS-1 vacuum tools and accessories to contain and minimize over spray with zero discharge to storm drain. Features include dependable Vanguard gasoline OHV electric start engine • 12 volt burner for hot water • Belt drive high pressure pump with clutch with manual control switch for high pressure pump on/off feature • 5000 watt generator • VSF-1 vacuum recovery system • 50 ft. vacuum hose with recovery suction head • Tandem axle trailer with dual 230 gallon water tanks • Dual hose reels with 100ft high pressure hose & 100ft. water tank fill hose • 15" wheels • Electric brakes

**Call factory for freight quote.**

**WATER TREATMENT**

## MEDIA FILTRATION SYSTEMS

Portable or Stationary Filtration System

Water Treatment

Electric Motor

Stationary

**CSF Media Filtration System Series** is a low maintenance affordable way of working with water conservation or environmental regulations that limit the discharge of pressure washer or steam cleaner generated waste streams. This system utilizes above ground storage and process tanks for the ease of service & maintenance. The **CSF Series** limits the need for underground containment while limiting the exposure for possible leaks that could potentially contaminate property.

**Note: #20 Silica Sand and 3" Chlorine Tablets Not Included**

MODEL	FILTRATION	SAND CAPACITY	WT.	PART NUMBER	LIST
CSF-5	5 GPM	10 lbs	1066	8RS6-SROPI	\$22,689.00

21" Vacuum Surface Cleaner

Wash Matt, 22 oz.

Storm Drain Cover

Water Filled Berm

## VACUUM BLOWER SYSTEM

Portable or Stationary Filtration System

Water Treatment

Gas Engine with Electric Start

Stationary

Dependable Vanguard Engines with High Efficiency Sutorbilt Vacuum Pump with expanded cleanance for longer life & Less maintenance • Captures up to 98% of waste water • Small compact design • Simple to operate • Easy to maintain • Connect to VSF-2 for High volume performance filtering

MODEL	CAPACITY	HG LIFT	ENGINE	WT	PART NUMBER	LIST
VACGD18	Up to 225 CFM	10" Hg	18 HP Vanguard	400	8-VFS2-1B0000	\$12,709.00
VACGD23	Up to 350 CFM	10" Hg	23 HP Vanguard	500	8-VFS2-SCN061	\$14,839.00
VACGD35	Up to 495 CFM	14" Hg	35 HP Vanguard	440	8-VFS2-SHN007	\$19,959.00

### OPTIONS

4-99171	13 Gallon Fuel Tank	\$559.00	SC-FLAH750	30" Vacuum Surface Cleaner	\$5,329.00
VFS	VFS Filtration Separation System 8-VFS-2	\$7,619.00	ECS-BWF60	Water Fill Berm 60"	\$279.00
VAC-11195010	50' 2" Vacuum Hose	\$469.00		Honda Engine in Place of Vanguard	Call Factory
VAC-11195015	100' 2" Vacuum Hose	\$789.00			
VB20-URI	20' Vacuum Boom	\$7,249.00			

## OIL/SOLID COALESCING SYSTEMS

Stationary Filtration System

Water Treatment

Stationary

Oil/solid Coalescing System is a versatile gravity flow design with no power required. Flow rate ranging from zero to 24 GPM. This design easily separates free non-emulsified oil and solids from most industrial pressure washing and steam cleaning applications. C12 standard with 195 gallon polypropylene molded tank with 7 day timer oil simmer and C24 standard with 430 gallon stainless steel tank with oil skimmer tube

MODEL	FILTRATION	WT	PART NUMBER	LIST
C-12 Poly	12 GPM	550	8RS12-99801	\$11,939.00

### OPTIONS

8SF-99SPKB	10 GPM Sump Pump Kit, Shop Air Required	\$4,999.00
8RS6-990ZON2	Ozone Injector	\$4,119.00

## EVAPORATOR

### Stationary Evaporator System

Water Treatment

Gas (LP & NG)

Stationary

The Evaporator is a highly efficient way to eliminate small volumes of generated wash water on demand. This system can receive waste streams from any pressurized source. Works as a primary post treatment with a maximum of 480 gallons per day with aqueous based parts washers, pressure washers, steam cleaners and waste water treatment systems. • 18 gallons per hour evaporation max. rate • 115V burner • Natural gas or LP fired • Defoamer pump standard

MODEL		BTU	WT.	PART NUMBER	LIST
15/20	NATURAL GAS	400,000 maximum	1370	1520D-000000	\$25,869.00
15/20	LP	400,000 maximum	1370	1520D-500000	\$25,869.00

OPTIONS					
1520B-99002	Oil Skimmer kit	\$3,789.00	8SF-99SPKB	4" Drain Port	\$539.00
	Stainless Steel Construction	Call Factory		10 GPM Sump Pump Kit, Shop Air Required	\$4,999.00
	Stainless Steel Insert	Call Factory			

# SPACE HEATERS

## INDUSTRIAL SPACE HEATERS

Industrial Space Heaters

Space Heater

Oil Diesel/Kerosene

Electric Motor

Portable

Electric • Oil Fired • Portable • Instantaneous heat • Non-vented • 110 volt electricity • Large 16.5 gallon fuel tank • Stainless Steel Combustion Chamber • High Limit Switch • High Capacity Fans • Adjustable Thermostat • Two Flat Free Wheels with Front Swivel Caster

MODEL	PERFORMANCE	ELECTRICITY	HP	WT.	PART NUMBER	LIST
210	210,000 BTU'S	115V, 1 PH / 10 Amp	1/2 HP	250	210-200D0A	\$4,999.00
