# ALKOTA

## DETERGENTS

---

Alkota offers a complete line of biodegradable pressure washer detergents at cost-effective prices. Each is specially formulated for use with hot or cold water pressure washers. We find that many people are using far more pressure washer soap than they need to clean even the dirtiest jobs. Are you using too much? Your local Alkota dealer can quickly show you ways to save time and money.

**No matter what you need  
to clean and no matter your  
budget you'll find an Alkota  
Detergent that suits you**

Available in a wide variety of quantities (from five-gallon pails to 55-gallon drums. Alkota gives you a variety of pressure washer and parts washer detergents to suit your cleaning needs and ease your budget.

### For Better Cleaning

Clean Better with Alkota Biodegradable detergents specially formulated for high pressure cleaning.

All pressure washer detergents are blended with Scal Trol to reduce scale buildup in the heating coil, pump and fittings. This improves equipment performance and minimizes replacement and repair cost. Finding the right detergent for your cleaning application can be daunting when you see all of your available options.

*The Alkota name is found on the most innovative cleaning detergents and machines in America. You'll find customer blends, formulas, exceptional products, great detergent knowledge and huge selection from Alkota. We are here to help you grow your detergent and specialty chemical business to the next level. Again, thank you for your interest in our products. We appreciate the opportunity and look forward to addressing all your detergent needs.*
