NOTATIONS

- Gallonage and pressure may vary +/- 5% due to manufacturing tolerances in components.
- Gallonage and pressure may be less on 230V and 440V 3 PH current.
- All coils ASTM A-53 steel pipe, spiral wound, cold water wrap, removable.
- All combination kits must have a temperature control. If a unit does not feature a temperature control as standard, a control kit must be ordered.
- Special voltage, gallonage, pressure, and versions quoted on request.

SHIPPING POLICY

All orders will be treated independently for shipping. Because of order volume, we are not able to match multiple orders. If items must ship together, they must be on the same order. Once an order is placed, subsequent items cannot be added to the same order. For Alaska, Hawaii and international shipments, matching of multiple orders for weight requirements and minimizing customs charges will take place as requested. All drop ship, UPS Red, 2nd Day and International shipments are assumed to be "ship complete". If a Back order occurs on these express shipments, Whitco will make every effort to contact the distributor for instructions. If contact cannot be made, Whitco will ship the partial order and notify the distributor by email or voice message. Any back order that is incurred will ship UPS ground unless otherwise instructed. All costs incurred by Whitco for special services such as Specialized packaging, Expedited Service, Residential Delivery, Lift Gate Service, Redirects, Call in Advance for Appointment, etc. will be charged directly to the customer as incurred including handling fee. Whitco's goal is to ship product quickly and efficiently. For faster service, use sales@whitcoinc.com or Fax @ 800-325-5682 to place all orders. Next Day orders received before 2:00 PM will be shipped the same day.

Place your order at [**sales@whitcoinc.com**](mailto:sales@whitcoinc.com)
